

**This computer is being used for experimentations for my Master Thesis(to deliver before the 1<sup>st</sup> of June 2017).**

**Despite not being strictly reserved to me, I appreciate if you look for another computer that is not running any experimentation.**

**In case this is the only machine that you can use, feel free to restart it or to send me an email at [lusa@itu.dk](mailto:lusa@itu.dk).  
I am usually at the ITU everyday from 9.00 to 18.00.**
